PRESS RELEASE

**Airforms, Inc. Awarded FAA PMA Approval for
GA-8 Airvan Cabin Trim Kit**

#

WASILLA, ALASKA, 16-Nov-17– Airforms, Inc. announced today they have been awarded FAA PMA approval for cabin trim pieces for the GA-8 Airvan. Although historically heavily engaged in projects for the Cessna Caravan family and other aircraft models, this is the first Airvan project Airforms has undertaken.

“We have received requests from Airvan operators that had noticed some of the original equipment aluminum cabin trim pieces were damaged easily due to the rigors of cargo operations,” said Steve Hunter, Sales and Marketing Executive for Airforms. “Our stainless steel trim pieces can withstand a greater level of punishment and still look great while providing a longer service life. In addition, we have increased the size of the trim pieces to extend the protected areas”

The trim pieces can be purchased separately, or at a discounted price if all four are purchased in a kit (Kit P/N GA8-TK1). Part numbers are as follows.

| Part # | Description | Eligibility |
|-------------------|-------------------------|----------------|
| AF-GA8-252025-057 | FORWARD CARPET RETAINER | GA8/GA8-TC 320 |
| AF-GA8-252025-059 | AFT CARPET RETAINER | GA8/GA8-TC 320 |
| AF-GA8-252025-085 | AFT CABIN DOOR TRIM | GA8/GA8-TC 320 |
| AF-GA8-252056-131 | SHELF VINYL RETAINER | GA8/GA8-TC 320 |

- Eligible for installation on all GA8/GA8-TC models
- Manufactured from stainless steel to replace the OEM aluminum parts for long lasting quality
- Extended parts to add protection to necessary areas
- FAA PMA Approved

Airforms, Inc. awarded new FAA PMA approvalsPg 2

Airforms is the world's leading supplier of replacement engine baffles for a wide range of general aviation aircraft; products also include an expanding line of turboprop aircraft PMA parts, STCs, and hard to source parts for fleet operators. Airforms maintains an FAA approved manufacturing system for PMA parts.
